TUESDAY, AUGUST 4, 1868.

The usual monthly statement of Senator Sherman is expected to have quite an interesting look. The decrease of Senator's money has been several years ago was a source to the economic world, and the fact is discussed in some of the best books. That was the only reported case of complete monetary collapse we had seen. But Senator Sherman has seen that of State and given our letters.

THE EFFICACY OF PRAYER

MR. WANAMAKER REPLIES

Washing Clothes

or cleaning house with ordinary soap is like rolling a heavy stone up hill; it takes main strength and a good deal of it. The same work done with Pearline is like rolling the stone down hill—it's easy; quick; true; goes right to the mark; and with very little labor.

All dirt must go before PEARLINE. It robs woman's hardest work of its drudgery—(a praiseworthy theft, by the way). The question is—does it or does it not hurt the hands, clothes or paint? We tell you it don't—but we are interested (as well as you)—so ask your friends who use it; you'll find most of them do; the annual consumption is equal to about three packages a year for *every* family in the land. But better yet—get a package (it costs but a few pennies, and *every* grocer keeps it) and try it for yourself—your gain will be larger than ours.

Beware Peddlers and some unscrupulous grocers are offering imitations which they claim to be Pearline, or "the same as Pearline." IT'S FALSE—they are not, and besides are dangerous. 635 JAMES PYLE, New York.

BURNETT'S PERFUMES OF WOOD VIOLETS AND GARDEN HELIOTROPE.

These exquisite perfumes are made from the true flowers. In these days of imitation olive to find goods like these at reasonable figures (one-half the usual price) is indeed a boon to the lovers of flowers.
